OBJECTIVE

To obtain a challenging position where I can utilize my enthusiasm for learning and passion for exploring different work environments to continuously improve myself and contribute to the success of the organization.

TECHNICAL SKILLS

- **Programming Skills** : C,C++(Basics), JAVA(Core), Python
- **Analytics** : Analytics using Python
- **Web Technologies** : HTML,CSS,Mysql
- **Operating Systems**: Windows, Linux
- **Cs Core** : Data structures, Object Oriented Programming (OOP)
- **Cloud computing** : Salesforce
- **Cyber Security** : Fundamentals of cyber security

EDUCATION

- B. Tech in Computer Science And Engineering, **Anil Neerukonda Institute of Technology and Sciences**, Visakhapatnam(pursuing). 9.29/10.0
- MARCH 2020 Intermediate, BIE AP, Sri Chaitanya Junior College. 9.94/10.0
- MARCH 2018 Bhasyam high school, Visakhapatnam. 10.0/10.0

PROJECTS

BRICK-BREAKER

[Nov 2022]

It is a game developed in JAVA Language using Swings, Event Handling, AWT Components and other trivial programming techniques. The game consists of pattern of bricks which are to be destroyed by a ball-like structure which in turn should be balanced using a paddle. We use the left and right arrow keys for the movement of the paddle. The player Wins if he is able to break all the bricks by balancing the paddle. If the ball falls down without hitting the paddle the player Loses the game.

ONLINE FOOD DELIVERING SYSTEM

[JAN 2023]

Developed an online portal for ordering food from a restaurant using HTML, CSS, JavaScript, PHP, and PHPMyAdmin. Designed and implemented the user interface using HTML and CSS, added interactivity with JavaScript, and integrated backend functionality with PHP and PHPMyAdmin for seamless order processing and database management. Collaborated with the team to ensure efficient development and testing processes, resulting in a functional and user-friendly online food ordering portal specific to a restaurant.

SCHOOL DONATION DATA ANALYSIS

[MAY2022]

In this project, we first read the given .csv file and analyzing by plotting various graphs like pie-chart, bar graph, etc. The various aspects like NUMBER OF SCHOOLS INVOLVED IN PROJECTS BY STATES, TOP 10 STATES(MAIMUM DONATION), etc. and polyfitting to find the relations between data with the help of **NUMPY , PANDAS, SEABORN, MATPLOTLIB** packages in **PYTHON** programming language.

PORTFOLIO DESIGN USING WEB TECHNOLOGIES

[JANUARY2022]

Portfolio is where we show our skills, our interests, and a brief all about us. Portfolio page is divided into 5 sections - Home, About, Education skills, Get in Touch etc. The code is written using HTML, and affixed with various Fonts, Designs, Backgrounds, Border styles, etc using CSS and the website is made more responsive using JAVASCRIPT.

BATTLE STATION SALESFORCE APPLICATION

[SEPT 2020]

Developed a Battle Station application using Salesforce to effectively maintain records of space ships present on the central space station. Designed and implemented the application to focus on managing data related to battle ships, crew members, aminos, and trading details. Leveraged Salesforce platform to create custom objects, fields, and relationships for efficient data management. Collaborated with team members to ensure seamless integration and functionality of the application. Successfully managed and maintained comprehensive details of the battle station, facilitating smooth operations and data-driven decision making.

AWARDS AND ACHIEVEMENTS

- Secured 2nd place in the coding contest held by **ACM Student Chapter ANITS**.
- Organized some activities for strengthening the Entrepreneurship ecosystem at **ANITS** under the initiative Entrepreneurship Development Drive 2.0 Organized by **E-CELL,IIT MADRAS**.
- Participated in “Village & Household Survey” scheme as a part of UNNAT BHARAT ABHIYAN.
- **CodeChef Student Chapter (ANITS) Core Member**.
- **ACM Student Chapter(ANITS) Vice Chair**.
- Organized a session on C++ for students in Anits.
- **Cisco campus Ambassdor**.

SKILLS

- PROBLEM SOLVINGABILITY
- COMMUNICATION ORGANIZATION SKILLS
- LEADERSHIP QUALITIES
- EVENT MANAGEMENT

EXTRA CURRICULAR ACTIVITIES

- PHOTOGRAPHY
- DRAWING
- EXPLORING NEW PLACES
- PLAYING BADMINTON
